

KABIR KALAM

A Good Beginning That Lasts A Lifetime.

FIRST EDITION: 2024-25

Our vision is to impart education by which character is developed, strength of mind is enhanced and the intellect is expanded. The school endeavors to be a center of excellence where tradition co-exists in a rich blend with modernity. In such an environment, children learn to stand on their own feet as glowing beacons ready to "Spread The Light" - the credo of St. Kabir School.

Our mission is to remain life-long learners, thinkers and doers of a higher order, with a will to adapt and assimilate.

To Walk a path that helps us to be one in Spirit, Mind and Body, nurturing Divinity within.

What is Climate Change?

Climate change refers to the long-term changes in the Earth's climate, including rising temperatures, changing precipitation patterns, and more frequent and severe weather events.

▶ CAUSES

- Rapid Industrialisation
- Pollution
- Deforestation
- Agricultural practices
- Energy use.

Let us be among those who care for our planet as there is no vaccine for Climate Change!!!

📍 St. Kabir School, Vasna Road, Opp. Raneshwar Mahadev Temple, Vadodara - 390015.

DIDAC LATROBE UNIVERSITY PROJECT WINNERS

SMART CITY CHALLENGE

We are thrilled to share that we were selected to participate in the prestigious Smart City Challenge in collaboration with La Trobe University, Australia, and India DIDAC. We are proud to announce that our team secured **FIRST PLACE** among 25 projects from across the country and five other nations!

The project focused on the critical issue of solid waste management in our city. To address this challenge, we conducted in-depth surveys and engaged with various stakeholders for better understanding of the existing waste management problems. Our research highlighted significant challenges related to waste segregation, which inspired us to develop an innovative solution.

Introducing the **Smart Waste Segregator**—a tech-driven innovation designed to enhance waste segregation processes. We compiled our findings and detailed our solution in a comprehensive report, complemented by an engaging video presentation for the challenge.

This achievement not only reflected hard work and dedication of Aanya K., Charmi S., Kavya K. but also their commitment in creating a more sustainable future to "Segregate Right, Save the Planet!"

ECOLOGICAL MAP

DIDAC MELBOURNE UNIVERSITY PROJECT RUNNERS

We are excited to announce that our project, in collaboration with the India Didactic Association and the Digital Infrastructure Engineering University of Melbourne, participated in the esteemed competition 'Innovate for Impact.' We are proud of our Kabirites Pushkar P. and Shlok C. who have secured the **Runners-Up** position among 25 innovative projects presented from various states across our country!

The challenge tasked children with creating an **"Ecological Map"** using state-of-the-art GIS software and information technology. Participants designed a detailed ecological map that captured the complexities of a specific ecosystem, showcasing biodiversity, climate elements, and human impact.

This experience not only enhanced our students skills but also deepened their commitment to environmental conservation. We are eager to share with our community the meaningful steps to preserve and protect our planet for future generations - "Mapping Nature, Preserving Tomorrow".

OUR ATL TINKERPRENUERS

▶▶▶ TINKER TRIUMPH

The "ATL Tinkerpreneur 2024" initiative promoted innovation, entrepreneurship, and STEM education among students. It allowed young minds to explore and showcase creative projects. Our Std.10 students Pushkar Patel, Shlok Chauhan, and Vedant Parmar have been selected as one of the Top 100 teams in India. They will receive a certificate, five weeks of mentorship from ISB Hyderabad, and an opportunity for project funding from Atal Innovation Mission, India. - "Innovators of Change, Trailblazers of Tomorrow!"

▶▶▶ VICTORY HIGHLIGHTS

TIME Aqua Regia General Knowledge Quiz Contest, first round was conducted in school on 21st August. All the students from Std.9 to 12 participated in the preliminary round. Six teams qualified for the city round. The final Quiz was conducted on 10th October at Baroda Productivity Council. Kabirites Maharsh Bhatt and Panth Sevak secured 2nd position and got cash prize of ₹ 2000 and Kabirites Anirudh Nair and Ansh Parmar procured 3rd position with cash prize of ₹ 1000.

FIRE SAFETY TRAINING

PERSISTENCE MAKES ALL THE DIFFERENCE !!!
